Press Release March 2, 2020 (For Immediate Release)

“Reno Earth Day 2020 Returns to Idlewild Park”

RENO, NV (March 2, 2020) - Reno's 2020 Earth Day Celebration will take place on Sunday, April 19th, 2020 at Idlewild Park from 11am to 5pm. This year marks the 50th anniversary of the Earth Day movement. Come kick off the season with the first and biggest, single day event of the year!

Spend the entire day exploring the many topic areas, educational exhibits and activities, live performances and a host of festive food selections. The “Great Outdoors” celebrates the wondrous and internationally acclaimed High Sierra region and the many recreation and conservation opportunities in our area. “Animalia” caters to all of our furry, scaly and feathery neighbors – both pets and wildlife. “The Garden” houses our local Farmer's Market and green and growing exhibits. The “Artists' Grove” features special exhibits by local artists, and the “Artisan Alley” showcases local handcrafted creations. The “Future of Transportation” has grown to highlight all manner of alternative fuel vehicles, bicycling programs and transit plans. Learn amazing things at our variety of diverse Workshops scheduled throughout the day.

Ride your bike, walk, bus or carpool to the event! Although there is no public parking within the park itself, there is FREE parking in the Reno High School Parking lot - only one block away with RTC Park and Rides running from McQueen High School and the Courthouse parking lot downtown.

For more information go to www.renoearthday.org.
